

Pupil access to risky areas

Cheltenham College aims to ensure that boarders are safe whilst at school, including in boarding accommodation. Effective measures are taken in relation to Health and Safety.

Risk assessments are undertaken to manage risk and protect pupils from harm and to manage any incidents that do occur.

Please see the school's Health and Safety Policy, with particular reference to:

- 2.8 Pupils
- 3.8 Road crossings, which are a key area of risk
- 3.9.2. Crisis or emergency affecting boarding accommodation during boarding hours
- 3.9.3. Contingency for longer term relocation of boarding pupils

Please also see relevant risk assessments, for example for road crossings and for science blocks
